WHY WE WEAR A UNIFORM

At Flight Academy, our uniform is more than a dress code. It's a daily expression of who we are and the values we live by. Here's why it matters:

Focus on Character, Not Clothing. At Flight Academy, children learn that their value comes from who they are, their bravery, kindness, and wisdom, not what they wear. A uniform reinforces the message: *"You are not your outfit. You are your character."*

Reducing Decision Fatigue & Morning Stress. For 4 to 7 year olds (and their parents!), eliminating the daily "what to wear" battle creates a calmer, more structured morning routine. This ties into the DBT skill of distress tolerance by building habits that reduce unnecessary stress.

Building Routine & Discipline. Putting on a uniform is one of the first acts of personal responsibility a young child can own. It teaches them structure, accountability, and pride in their appearance. These are life skills that extend far beyond the classroom.

Unity & School Pride. A uniform creates a shared identity. Children feel part of something bigger than themselves, which strengthens community and peer connection.

DAILY UNIFORM REQUIREMENTS

Students are expected to wear the Flight Academy uniform every school day, except designated Spirit Days.
